GENERAL INFORMATION

VISITORS and CHECK IN

All visitors to a public school building must present themselves at the administrative office to gain permission to remain in the building to conduct business or visit with either staff or students.

ELEMENTARY STUDENT PICK UP AND PARKING

A student pick up and parking video is available on the Sauk Centre Public School's website under the elementary tab. [Student Pick Up and Parking Video](#)

POWERSCHOOL PARENT ACCESS

Sauk Centre Schools provides parent access to the PowerSchool Student Information System. The system is designed to improve parent-school student communication by providing online access to assessment information, attendance, and other course information. Parents will have the ability to access information regarding course progress and attendance for their student. Parents may log on to the PowerSchool website at <https://isd743.powerschool.com/public/home.html> by using a personal password to obtain this information.

CANVAS (Grades 5-12)

Parents of students in grades 5-12 have access to a Canvas Parent Portal. This is NOT the same as the PowerSchool Portal. PowerSchool provides access to grades, attendance, and lunch account information. Canvas is our learning management system (LMS) and provides in-depth access to your students' courses. Parents will be able to view assignment details and status (due dates, late, or missing), view a comprehensive calendar of all student assignments - past and upcoming, view student work and check grades, and message teachers. Parents can create an account and sign in by visiting this address: <https://www.isd743.org/Page/2686> and watching the instructional video.

SCHOOL MESSENGER/SCHOOL CLOSINGS

Sauk Centre Schools will use the SchoolMessenger program to notify parents regarding changes in schedules such as late starts and early dismissals due to severe weather. Parents may choose the method in which they want to be contacted by email, cell phone, at home or work. School closing information will also be communicated on local radio and TV stations.

Please put all money in an envelope and label it with both the student name and the words "Food Service". At the end of the school year, the balance will carry over to the next school year. When a student has an account balance that reaches zero, a student may charge no more than -\$10.00 to this account. When an account reaches this limit, a student shall not be allowed to charge further meals until the negative account balance is paid in full. Educational Benefits - Free Meals

Sauk Centre Schools encourages families to apply for free meals through the federal Educational Benefits program. To see if you qualify, fill out and send in an application. Applications are available on our website ([Application for Educational Benefits](#)) and in each school's main office. Families need to reapply each year. Students who qualify for reduced-price school meals will receive free lunches and breakfasts.

ATTENDANCE

Student/Parent Responsibilities

Students are expected to be in school every day unless there is an excused absence. Parents should notify the office if their student will be tardy or absent.

Attendance - Definition

The school district reserves the right to reasonably determine which absences are either excused or unexcused. The School District will use the following definitions in making this determination:

Absence is defined as a time when a student does not attend class, regardless of the reason. A student who is missing from a class for 20 or more minutes will be considered absent from the period.

Elementary (Grades K-4)

The administration and faculty of the Sauk Centre Public Schools believe that regular school attendance is a necessary part of the learning process and is an important key to getting a good education and graduating. Regular school attendance helps instill in each student a sense of responsibility and self-discipline. Each student, his or her parent or guardian, and the school share an obligation to encourage and ensure each student attends school regularly. If parents choose to enroll their kindergarten child, they are obligated to follow the attendance policy implemented for all of our students. All attendance records are retained in the student's cum file.

Absences shall be marked excused or unexcused.

- Excused absences include the following reasons: family vacation (5-day limit), illnesses, injuries or medical appointments and family emergencies. To be excused, a student must have their absence verified with a note or phone call from parents/guardians within 24 hours.
- Unexcused absences are all other absences not verified by parent or guardian. Unexcused absences are also any absences over 10 days without a doctor's note. If a student has 5 unexcused absences and resides in Stearns County, information is reported to Stearns County at that time. After 7 unexcused absences, the school is required by law to report to the county attorney's office in which the student resides.
- If the child is absent more than 10 days in a year, we are obligated to ask for medical verification. Without a note from a doctor, the absence is unexcused.
- Students who arrive after 9:30 a.m. will be marked absent for the morning. Students who leave

before 2:00 p.m. will be marked absent for the afternoon.

- After five absences, an attendance awareness letter will be sent to parents.

Tardy

- Not only is it important for students to be in school regularly, but to be on time. If a student arrives after 8:20, but before 9:30, he or she will be marked tardy.
- Any combination of five excused or unexcused tardies will equal one full day of unexcused absence.
- Medical appointments will be considered an excused tardy if the office is notified by a parent/guardian.

The school reserves the right to reasonably determine which absences and tardies are either excused or unexcused.

Secondary (Grades 5-12)

Excused absence - An "excused absence" is an absence caused by a condition, event, or incident which is beyond the control of the student, or the student's parent(s) or guardian(s). In order for the absence to be considered excused, a student must have their absence verified with a note, phone call or medical excuse within one week of the date of the absence. The following reasons will be recognized as excused absences:

- Illness or injury which prevents the student from attending school or from applying him or herself to studying.
- Medical related absences including, but not limited to, appointments for doctor, dentist, orthodontist, etc. will be excused. Students must present appointment cards from the clinic they visited in order to be excused.
- Religious instruction not to exceed three hours in any week.
- Absences due to participation in school activities occurring during school time.
- Serious illness or death in the student's immediate family or close relative.
- Court appearances occasioned by family or personal action.
- College visits will be excused up to two per year in the junior and senior years. These visits must be pre-approved through the Secondary School (9-12) Office in order to be excused.
- Parent requested and approved absences. Students will be permitted 5 days of pre-approved parent requested absence each school year. The following procedure will be followed to obtain an excused absence.
- Parent/guardian of the student will submit a written request to the principal stating the date(s) or time(s) of, and the reasons for the absence **at least 5 days prior** to the date of the anticipated request. The student will then receive a pre-approved make up slip.
- In order for the absence to be considered excused, a student must have their absence verified with a note, phone call, or medical excuse within one week from the date of the absence
- The principal may waive the 5 day cumulative maximum, if, in his or her judgment, the reason is sufficient. Requests for absences in excess of 5 days may require a student-parent-administrative conference.
- A total of six (6) excused absences in any given quarter are allowed in **grades 9-12**. Any class time missed above and beyond will be made up in the form of time before or after school or any time designated by the classroom teacher or administrative discretion. All assigned time beyond the six days must be made up or the student may receive an incomplete. **For College in the Schools students, any absence beyond 6 days per quarter may result in a lower grade and/or loss of college credit.**

Unexcused absence - Students will be unexcused for any absence which is not excused as defined above. This includes parent requested absences in excess of 5 days for which the parent has not received a waiver.

- If your child is absent more than 10 days in a year, or absent more than three consecutive days, we are obligated to ask for medical verification. Without a note from a physician, the absence will be determined unexcused.

Skipping - An absence will be considered skipping if the absence does not meet the criteria for excused absences or has not been excused by the parent. Consequences for truancy may include make up time, parent conference, suspension, and/or loss of that day's credit.

Truancy - Truancy is defined as unexcused absence of students under 16 years of age. Parents or guardians will be notified if a student is a continuing truant, which is the result of unexcused absences for one or more class periods on three school days. If a student acquires one or more unexcused absences on seven school days, the student will be referred to the County Attorney as a habitual truant under the Minnesota Compulsory Attendance Law.

Tardiness - Tardiness is defined as the failure to be in the student's assigned area at designated times.

Reporting and Consequences for Tardiness

Students tardy at the beginning of the school day must report to the school office for an admit to class and to sign in. Tardiness for periods 2, 3, 4, and 5 will be entered by the teacher. The sixth unexcused tardy and each successive tardy will have consequences of a minimum of one (1) hour detention. Any tardiness, for which the student has been excused in writing by an administrator or faculty member, will be excused. Consequences of tardiness may include detention for the sixth and successive tardies, suspension for the tenth and successive tardies and a parent conference.

ATTENDANCE: PROCEDURES

- Upon return to school, the student brings a note to the principal's office from the student's parent(s) or guardian(s) stating the date(s) of, time(s) of and reason for the student's absence. He/she should receive a make-up slip at this time. Please note that if a student knows he/she will be absent for reasons other than illness, the student must make arrangements ahead of time with the principal.
- Students who are absent from any part of a school day, but return before the end of the day, must sign in and request a make-up slip in the office before reporting to any class.
- Students who become ill during school hours must report to the nurse or the office. Leaving school without permission from the nurse or principal's office will be considered an unexcused absence and skipping.
- Any student who misses class without the prior permission of his or her parents and approval from the principal's office will be required to make up class time in after school detention

INCOMPLETE POLICY

1. Each teacher will establish a policy for work missed due to absence and will notify each student of the policy within the first week of class.
 - a. Work missed due to an unexcused absence may be required by the instructor on the day the student returns to class.
 - b. Any work missed by a student who is skipping may be assigned a zero.
2. Makeup work shall be directly related to the subject matter taught and shall be approximately equal to the work and class time missed.
3. Absences will not arbitrarily result in reduction in grades, but failure to complete work will affect grades as no credit or a zero will be given for work turned in after the deadline established by each teacher.
4. A final grade of an Incomplete (I) may be given ONLY to students who have extenuating circumstances, such as an extended illness or death in the family, if the required work missed during the time of the excused absence is not completed by the grading period. An

incomplete will become an “F” if a student doesn’t complete required work by the designated incomplete deadlines.

REQUIRED REPORTING

Continuing Truant Minn. Statute provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minn. Statute and is absent from instruction in a school, as defined in Minn. Statute, without valid excuse within a single school year for one or more class periods for three days if the child is in middle school, junior high school, or high school.

Habitual Truant is a child under the age of 16 years who is absent from attendance at school without lawful excuse for one or more periods on seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school, or senior high school. A school district attendance officer shall refer a habitual truant child and the child’s parent or legal guardian to appropriate services and procedures, under Minn. Statute.

**A student is not continuing truant if the child is withdrawn from school by the child’s parents because of a dispute with the school concerning the provision of special education services under the Individual and Disabilities Education Act or accommodations and modifications under the American with Disabilities Act, if the parent makes good faith efforts to provide the child educational services from any other source.*

District Reporting Responsibility

When a student is initially classified as a continuing truant, Minn. Statute provides that the school attendance officer or other designated school official shall notify the student’s parent or legal guardian, by first class mail or other reasonable means, of the following:

- That the child is truant.
- That the parent or guardian should notify the school if there is a valid excuse for the child’s absences.
- That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minn. Statute and parents or guardians who fail to meet this obligation may be subject to prosecution under Minn. Statute.
- That this notification serves as the notification required by Minn. Statute.
- That alternative educational programs and services may be available in the district.
- That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child’s truancy.
- That if the child continues to be truant, the parent and child may be subject to juvenile court proceeding under MN Statute.
- That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child’s driving privilege pursuant to Minn. Statute

BUS TRANSPORTATION

Streeter Pride Bus Expectations (Grades K-4)

Students are taught Streeter Pride Bus Expectations at the beginning of each school year. A copy of the Streeter Pride bus expectations can be found on the Streeter Pride Expectations matrix (page 24).

Bus Information (Grades K-12)

Students and parents who utilize bus transportation should be aware of the following:

- Any changes in bus routes must be pre-approved by the Transportation Director.
- Groups of students will not be allowed to ride to a friend’s house (birthday parties, etc.)
- No pets allowed on the bus.
- Passengers will pay for any damage they cause.
- Students are given a morning and afternoon bus stop time by the bus garage staff. Students are to be waiting at the bus stop two to three minutes before the pick-up time. Buses may be later

than the given time due to road conditions or unforeseen bus complications. Parents should be aware that students may be dropped off before or after the allotted time. These changes occur when the number of riders varies due to after school activities.

- Arrangements for children to be met or supervised at this time are the parent's responsibility. If the bus driver determines that the student will be unsafe, he or she may choose to bring the student back to school. It is then the parent's responsibility to have the student picked up from the school in a timely manner. If a student needs to be brought back to school more than three times, parents may forfeit bus services.
- When students do not follow bus expectations, bus drivers will provide appropriate interventions. Examples of interventions include: a verbal reminder of the appropriate behavior, re-teaching of bus expectations, a change of bus seat, or a parent contact. If there are continued behavior problems and/or concerns, a Stop and Think ticket will be issued to the student. Multiple Stop and Think tickets may result in reviewing and practicing bus expectations, sitting in an assigned seat, or removal from the school bus for a specified time.
- Distractions to the driver will not be permitted; students causing distractions will be referred to administration for disciplinary action and possible dismissal from school under the provisions of MN Statutes 127.29 concerning rule violations and willful conduct which would endanger other students or property of the school. Administration may also remove students temporarily and/or permanently from riding the bus.

HEALTH AND SAFETY

Covid 19 Precautions and Procedures

Self-screening for symptoms of illness will be required to be done at home. Individuals who are ill are encouraged to stay home and report symptoms to the school nurse.

Health Services - School Nurse/Medication

A. Pupils should not come to school in the morning if they do not feel well enough to stay all day. No pupil is to leave the school for any reason without permission from the nurse and/or the Principal's office.

Students who leave without permission will be assigned disciplinary consequences. Students in class wanting to see the nurse must first obtain a building pass from their teacher. Students who are ill must see the nurse or make arrangements through the principal's office if they need to go home.

B. Prescription medications must be given through the nurse's office. If a student requires this medication, his/her family doctor must have a written order stating such necessity. If there is any question, see the school nurse. The nurse's office or any staff member will not provide over-the-counter medications as Tylenol, Sucrets, etc.

C. Immediately report all personal injuries at school to the nurse's office so that timelines on insurance can be met.

D. It is a health rule that a student is not to go barefoot in the classrooms, corridors, or physical education classes at any time. This includes after school activities as well as during school hours.

Counseling/Social Work

Students may ask for, or staff may suggest, visits to a school counselor or social worker for minor social/emotional guidance. School counselors and social workers may provide information regarding family and community resources, including therapy from a partner organization.

Insurance

The school district does NOT provide any type of health or accident insurance for injuries incurred by your child at school. We have made arrangements for voluntary coverage with Student Assurance Services, Inc. of Stillwater, Minnesota, for coverage that is underwritten by Security Life Insurance Company of American. The premium for this coverage for both the athletics and school coverage is payable by the

parent. An informational letter and enrollment forms are included in the parent mailing. Athletic team members will be required to enroll in this program or sign a waiver form provided to them prior to the athletic season.

Playground/Outdoor Recess (Grades K-4)

Students in grades K-4 will go outside for recess when weather conditions permit. If it is raining or the temperature (including wind chill) is at -5 degrees or below, students will remain indoors. At all other times, students should be prepared to go outdoors. Appropriate clothing for the weather may include, but is not limited to, coats, hats, mittens, snow pants and boots. During the winter months, students are expected to have appropriate outdoor boots to participate in playground activities. Students without boots will be required to remain on paved or concrete areas. Students are taught Streeter Pride playground expectations at the beginning of the year. Streeter Pride playground expectations can be found on the Streeter Pride Expectations matrix (page 24).

Building use and supervised areas

School facilities are never to be used without permission from the school authorities. Facilities are to be used only when school personnel are supervising the activity. It is general policy that students will be under the supervision of a staff person while at school. This policy applies during vacations as well as over weekends. On school days students are not to be in the building prior to 7:30 a.m. or after 3:15 p.m. unless they have permission from a staff member or are involved in a supervised activity.

A. Certain areas such as the gym, weight room, fitness room, science labs, industrial technology labs, FACS labs, art room, etc. are considered to be hazardous areas if used without proper supervision and/or eye wear.

B. Students are forbidden to be in these areas without teacher supervision both during the normal school day and after school hours.

C. Students who refuse to follow reasonable safety rules of the classroom may be subject to suspension and/or expulsion proceedings from the class.

EMERGENCY DRILLS

Throughout the school year, several emergency drills will be scheduled.

A. When the fire signal is given, leave the room quickly, quietly, and orderly. Leave the building by the route explained to you by your teacher for the particular room in which you happen to be. Once outside the building, move a safe distance from the building and stay with the class you were in when the alarm sounded. Remain outside the building until the all-clear signal has been given.

a. Anyone found maliciously tampering with fire alarms will be subject to arrest.

b. If a fire drill should occur during passing time, the students should report to their previous teacher.

c. If an alarm is sounded during passing time, students and staff are to follow the same procedures as their previous class. If an alarm sounds prior to classes beginning for the day, procedures for Period I will be followed. If an alarm sounds during lunch, students should report to their homeroom teacher for grades 5-6 and their Advisory teacher for grades 7-12. Students shall exit the building first and then report to their teacher.

B. For severe weather drills, move quickly to the area on the first floor designated by staff. Remain in the assigned area until the all-clear signal is given.

C. In situations that require the securing of our schools, a lock-down will be initiated by administration or a designee via the intercom. Our school uses two types of lock-downs. A Hard Lock-Down or a Soft-Lock Down will be announced to all staff.

a. Hard Lock-Down: All students and staff should immediately report to a secure location, lock doors, cover windows and cease educational activity until an administrative "all clear" signal is given.

b. Soft Lock-Down: All students and staff should immediately report to a secure location, lock doors and continue with educational activity until an administrative "all clear" signal is given.

Background checks

It will be the policy of Independent School District #743 to require a criminal history background check from the Bureau of Criminal Apprehension for all new employees and other volunteer individuals who provide educational services to students, including athletic coaching services or other extracurricular services, regardless of whether any compensation is paid. Volunteers requiring background checks will include foster grandparents and any other adult volunteers who do not have children enrolled in the particular school building where the services are being provided.

ACADEMIC EXPECTATIONS AND POLICIES

ACADEMIC INTEGRITY (Grades 7-12)

Integrity is essential to excellence in both education and life. Assessments and other school assignments are measures of a student's academic performance. Teachers use these measures to obtain clear and accurate accounting of a student's mastery and understanding of the academic material. Honesty is required to ensure an accurate measurement of a student's academic knowledge. When a student chooses to act in a way classified as academic dishonesty, it is a behavior infraction. The teacher will need to find an alternative way to assess student knowledge. Teachers, parents, students, and administrators will work to identify the root cause of the behavior and help the student learn from the experience.

A. Classifications of Academic Dishonesty

As a guiding principle, academic dishonesty includes, but is not limited to, cheating on class assessments (formative or summative), plagiarism, or collusion.

- A. Copying homework or allowing someone to copy your homework.
- B. Letting your partner do all the work and just putting your name on the final project.
- C. Sharing test questions and/or test answers with other students.
- D. Looking on another's test/quiz or allowing another student to copy your test/quiz.
- E. Substituting other's work as your own with or without the other person's knowledge. (i.e. plagiarism)
- F. Working with others on an assignment that is designed to be completed individually.

B. Consequences for Academic Dishonesty

Academic dishonesty is considered a behavior infraction. All offenses are cumulative for all courses over the student's secondary school academic career. If the behavior warrants it, administration may increase the level of consequences based on the facts and violations of other policies.

A. Procedures for Reporting Academic Dishonesty

- a. If a teacher believes that a student has an academic dishonesty violation, he/she will discuss the incident with the student.
- b. The teacher will complete a discipline incident form and submit it to the principal or designee outlining the violation.
- c. The teacher will inform the parent(s) of the violation.
- d. The teacher will provide an alternate assessment for up to 50% credit. If the student fails to complete it within the timeframe established by the teacher (not to exceed 4 days beyond the violation), the teacher will issue a score of zero. Students enrolled in college courses may receive an automatic zero depending on the policies of the college.
- e. Repeated violations will result in the administration meeting with the student, and parent(s) if required, to review the incident and establish consequences.
- f. All violations will be entered into the student's discipline record.

CELL PHONES AND Related Devices

Grades 5-8:

Cell phones and earbuds/headphones will not be allowed from 8:20 am-3:00 pm unless allowed by a teacher. These items should remain in lockers during the school day and not be seen out in the halls. Cell phones should never be used in restrooms or in locker rooms. Students needing to make a call home or

connect with a parent during the school day may request to go to the office. Students will be expected to comply with this policy. Any student who violates these expectations will be held accountable to the discipline policy which includes these steps:

- 1st offense - Cell phone brought to the 5-8 office, returned to student at the end of the day
- 2nd offense - Cell phone brought to the 5-8 office, parent must come pick it up
- 3rd offense - Cell phone brought to the 5-8 office, parent must come pick it up, parent meeting

Grades 9-12:

All electronic devices including cell phones, I-pods, and earbuds/headphones are allowed during passing time, lunch, and before or after school. Students are not to use any electronic devices during their scheduled class times unless the instructor grants specific permission. Cell phones and earbuds/headphones should be put away (not visible) with the sound turned off during class. Cell phones are prohibited in all locker rooms and bathrooms. Cell phones and I-pods/MP3 players are not allowed at activities that are an extension of the classroom such as concerts and plays. NO personal speakers are allowed in the school building from 7:30 to 3:00.

Consequences for the improper use of electronic devices will include confiscation of the item to the office. Parents may be notified and/or required to retrieve the electronic device. Continued misuse will include more significant disciplinary consequences. Failure to give the items to a faculty member may result in disciplinary action such as suspension and loss of the possession of the item for the remainder of the school year. If an electronic device is confiscated, ISD 743 is not responsible if it is damaged, lost, or stolen.

Students are reminded that the use of cell phones for the purpose of harassing or threatening others during the school day is in violation of the harassment and hazing policy. Posting of any video or audio content on the internet from any classroom or school activity is prohibited unless written consent has been obtained from an authorized school official. Violations may result in severe disciplinary action, including possible legal action.

BACKPACKS

The administration and/or teachers may restrict the use of backpacks or other carrying devices on the basis of health, safety, or educational disruption potential. Backpacks are to be stored in lockers during the school day.

PERSONAL COMPUTERS

Students will not be allowed to use personal computers as a replacement for the school provided device.

LOCKERS

Lockers assigned to students are the property of the school. Any locker is subject to periodic inspection for cleanliness and may be entered by the principal or his designated representative at any time should it be suspected of containing alcohol, tobacco, narcotics, explosives or other items unlawfully obtained or considered potentially harmful to others or to the school building. Lockers may also be entered by the administration to recover school property or to prevent disruption to the educational process.

Combination padlocks will be provided for students to secure their assigned locker for a deposit of \$15. This will be refunded when locks are returned in good condition within 30 days of graduation. Students may only use school-issued padlocks. Combinations are not to be shared with anyone. Lost padlocks must be replaced at a cost of \$5 which is assessed to the student. Lockers need to be kept tidy at all times. They will be thoroughly cleaned at the end of each school year.

GRADING (Grades K-4)

Report cards will be sent home with students or distributed at conferences to parents and/or guardians at the end of each quarter throughout the year.

GRADING (Grades 5-12)

The grade scale for grades 5-12 students is as follows:

A	94-100	A-	90-93		
B+	87-89	B	83-86	B-	80-82
C+	77-79	C	73-76	C-	70-72
D+	67-69	D	63-66	D-	60-62

RECOGNIZING STUDENT ACHIEVEMENT AND SUCCESS

A. (Grades K-4) - Tower of Pride

Students receive Streeter Pride slips as a recognition of displaying Streeter Pride (Be Respectful. Be Responsible. Be Safe) throughout the school environment. Weekly drawings are held for prizes serving as a reward for positive behavior. All accumulated Streeter Pride slips are placed into the Tower of Pride. Collaboratively, all K-4 students work together to fill the Tower of Pride with Streeter Pride slips. Filling The Tower of Pride once results in a school wide reward. Examples include: pajama day, hat day, Fancy Friday, additional recess, etc. Filling the Tower of Pride three times results in a large school wide celebration. Examples include: field trip to the movie theater, swimming, DJ Pete, bowling, etc.

B. Grades 5-6 Quarterly Incentives: Students in grades 5 and 6 have the opportunity to earn an incentive at the end of each quarter based on academic and behavior goals that teachers set for each quarter. Students earning this incentive may be required to pay a participation fee.

C. Grades 5-12 - Streeter Way Incentives: School wide incentives are earned when goals are met in the number of students earning Streeter Slips indicating practice of our positive expectations. These may include field trips or events planned at school.

D. Grades 5-12 Wall of Fame

Each quarter, secondary school faculty members nominate students for the Wall of Fame who do outstanding work or have shown great improvement. Students named as members of the Wall of Fame will be published at the end of each quarter.

E. Presidential Academic Awards

A. Presidential Education Awards are presented to sixth grade students at the end of the school year. Sixth grade students who have maintained a grade point average of “A-” fifth grade through 3rd quarter of sixth grade will receive a Presidential Academic Award.

SCHEDULE CHANGES

- A. The curriculum at Sauk Centre Secondary School is designed to provide students a comprehensive education that can be enhanced by a variety of special interest and college-level courses classes. Sauk Centre Secondary School is committed to post-secondary planning. Many of our students choose to go on to some post-high school education.
- B. The selection of classes is a process that should not be taken lightly. You are planning your future. Talk to your parents, a school counselor, teachers, or any adult who can help you make wise choices. When selecting your classes you must keep in mind college entrance requirements, some technical college programs, military specialties, or work programs may require additional classes beyond what Sauk Centre requires for graduation.
- C. It is essential that students make thoughtful choices regarding registration for courses. Parents and students must understand that staffing decisions are based on student registration selections. Budgetary decisions are based on registration numbers, course sections are closed when enrollment numbers reach maximum allowance, and instructional supplies are ordered based on course enrollment. Once a student registers for a class and that class is scheduled, the student has a responsibility of remaining in the class and completing it.
- D. During registration, students will select their primary and alternate choices for courses. Every attempt will be made to schedule the primary requests for each student. However, in the event that it is impossible to schedule a specific combination of student requested courses or a course is not offered due to lack of enrollment, alternative choices will be used to fill the student's schedule. Students are encouraged to make their primary and alternative selections carefully.
- E. Students will not be allowed to change classes simply because they have changed their mind. Schedule changes will be limited to the following reasons or situations. In most cases, a student cannot drop a class with fewer than 15 students enrolled. In order to ensure class loads remain consistent, requests for specific teachers cannot be honored. Any exceptions to these guidelines must be approved by the building principal with parent, teacher and counselor input.
 - a. A student needs to withdraw from a course due to medical reasons. The student must provide a doctor's recommendation to have their schedule changed for medical reasons.
 - b. A student does not meet the requirements of the course or does not have a prerequisite completed.
 - c. A student has failed a class.
 - d. An obvious error is on the student's schedule (ie. two classes scheduled at the same time).
 - e. A student wishes to drop a Study Hall, On the Job or Youth Service to add a course.
 - f. A student needs to schedule a course required for graduation or for admission to a specific post-secondary school or program.
 - g. The change is a recommendation or requirement on a student's IEP.

Elementary Behavior Expectations (Grades K-4)

Streeter Pride expectations serve as the foundation for Sauk Centre Elementary behavioral standards. Streeter Pride expectations are taught and retaught to all students in K-4. Teaching school-wide expectations improves the school's capacity to teach and support positive behavior for all students. The goal of teaching (and re-teaching) expectations is to develop, in our students, an understanding of appropriate behavior, so that little external enforcement is required. When this takes root, it is our belief that a very positive and productive learning environment will result, enabling students to pursue excellence. Another important aspect of Streeter Pride is that it is school-wide and includes the entire school community.

The SCES Streeter Pride framework focuses on three areas.

- Be Respectful
- Be Responsible
- Be Safe

Below is the Streeter Pride School-Wide Matrix.

Talk, Walk, Tell

Students are taught three simple steps to help them solve various friendship problems. Students are encouraged to solve disagreements independently and then seek adult assistance if the issue is still not resolved. Posters with these steps are displayed within each classroom and throughout the school as reminders for the students. The problem-solving steps are summarized below.

Students can choose to do one of the following strategies within each step:

1. **TALK** - Use your words to tell the person to stop what he or she is doing. Ask the person to leave you alone. Tell the person how you feel when he or she treats you badly. Suggest Rock/ Paper/ Scissors.

-
2. WALK - Walk away from the person who is bugging/bothering you. Ignore the person. Play with someone else or a different group of students.
 3. TELL - Tell a grown-up about the person who is bugging you. Ask the grown-up for help.

The steps are very easy to remember and can help students solve numerous problems in a respectful, responsible, and safe manner.

DISCIPLINE COMPLAINT PROCEDURE

It is the goal of Independent School District #743 to maintain a learning and working environment that is safe for students and staff. All students have the right to an education and the right to learn.

The discipline policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district.

Students, parents and other guardians, may file a Discipline Complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied regarding their child.

When submitting a complaint, please follow the procedures listed below;

- Please complete the **Discipline Complaint Form**. ([link to website](#))
- Sauk Centre Public Schools will begin an investigation into the complaint within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record.
- After the investigation is completed, we will provide a written determination to the complainant that addresses each allegation and contains findings and conclusions.
- If the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and prohibit reprisals or retaliation against any person who asserts, alleges,

BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or

positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or Discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyber-bullying as defined in this policy.

B. "Cyber-bullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

C. "Immediately" means as soon as possible but in no event longer than 24 hours.

D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:

2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

F. "Prohibited conduct" means bullying or cyber-bullying as defined in this policy or retaliation or reprisal

for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

G. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

H. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other individuals as appropriate.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant’s or reporter’s future employment, grades, work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district’s obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their

discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See

MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.

D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct. The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;

Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the

school district and the office of each school.

C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
