

RESOLUTION TO DEVELOP A FACILITY PLANNING ENGAGEMENT GROUP FOR THE SAUK CENTRE PUBLIC SCHOOLS

WHEREAS

The Sauk Centre Public School Board charges the *Streeter-Community Future Facilities Advisory Team*, that will be a citizen-based group of school district residents representing all areas of the Sauk Centre Public Schools community, serve in an advisory capacity to the administration and School Board;

WHEREAS

The *Streeter-Community Future Facilities Advisory Team* can use as critical resources: district administrators, principals, staff, architects, construction managers, contractors, community planners, survey consultants, financial advisors, and other professionals as needed;

WHEREAS

The *Streeter-Community Future Facilities Advisory Team* will meet approximately 4 times during May and June, with an advisory recommendation targeted for presentation to the School Board and the greater Sauk Centre Public Schools community no later than June 28th, 2021;

THEREFORE, BE IT RESOLVED, by the School Board of the Sauk Centre Public Schools, to accept the *Streeter-Community Future Facilities Advisory Team* that will be doing the following:

- Review demographic community growth data and projections, innovative instructional models, and the facility requirements to support student needs and programming;
- Review facility assessment information and understand the district's current facility conditions and opportunities for improvement;
- Review and understand the current District financial position as well as financing options available to support potential projects;
- Brainstorm, explore, evaluate, and refine potential long-term, flexible, and fiscally responsible solutions, including considering operational efficiencies and costs;
- Consider various health and safety factors;
- Seek and/or review community feedback through multiple outreach opportunities including but not limited to community-wide survey(s);
- Serve as factual "key communicators" to the greater Sauk Centre community throughout the process; and
- Prepare and present a report summarizing findings and advisory recommendation(s) to the School Board.
