

Community Education Update

by Brent Lieser
Community Ed. Director

Welcome! I am humbled and honored to join the Mainstreeter team and help serve the Sauk Centre School Community. Even though I am a new employee to your district, I am somewhat familiar with the Sauk Centre area.

The community of Sauk Centre has always caught my eye and been an attractive place where many people in Central MN aspire to live and settle down to call home. I look forward to meeting as many of you as possible and learning about the rich history, culture, and Sauk Centre values. I am excited to see where we can take this school community and we want each of you to become a stakeholder in your school district. My wife, Tera, and our son, Krew, look forward to calling Sauk Centre home.

Ideas are always welcome! If you have any ideas for a Community Ed class, access to resources, or want to become involved, please feel free to contact myself at brent.lieser@isd743.org or 320-352-2258 ext. 4005. Or Geri Nienaber at geri.nienaber@isd743.org or 320-352-2258 ext. 4006.

I am excited to join your district and be a member of your community!
Go Mainstreeters!

The passport is free to residents of our district who are 60 years and older. There will be no confirmation on registrations. In case of class cancellation, you will be contacted and full payment will be returned.

Telephone registration will not be given priority in event the class is filled. You may call for the status of a class but you are not registered until your fee is received.

Refund on trips, tours, and limited number classes will not be given after the registration deadline. You must find a substitute to take your place. Call the Activities Office/Comm. Ed. Office at 352-2258, Ext. 4006, for a possible waiting list.

All request for refunds must be received before the class deadline starts. No refunds after the first class starting date.

Deadlines are important

Please pay particular attention to the class and deadline dates. Having deadlines helps us offer a better experience for you. Have you ever wondered how t-shirts get ordered and delivered to us before the season begins? How we know the number of teams we will have at a particular level? How much equipment or additional equipment needs to be ordered? When and where to coordinate space and logistics? Yes, this is all based on registrations and deadlines help us get properly organized before a class or activity can begin. If you do not meet the deadlines, we cannot offer a quality program and it becomes a chain reaction of events.
